

## **EMBRACING THE FASTING LIFESTYLE**

*The foolishness of God is wiser than man's wisdom, and the weakness of God is stronger than man's strength... God has chosen the weak things of the world to shame the strong.*

We must position ourselves now in a place of weakness and dependence upon the Lord, in order to be found standing on that great and terrible day... fasting is one of the primary ways to do that!

This is day 33 of our corporate fast, and more than any other time of consecration, this time, my heart is set to live this life style with more focus and abandonment than ever, by His Grace!

I will soon be sending out a special bulletin concerning fasting resulting from what has happened in my heart during this time. I have a core of intercessors I am accountable to in setting the course for the next decade for this area of my life, and I will pray for you as well.

## **SEMINARS AND RETREATS**

I am available to come right where you are and host a time of Encountering Christ Within. These times are broken down into 4 segments and can be done as a marathon all day on a Saturday, or Friday evening and then 3 parts on Saturday. I can even condense this into a 4 hour track if needed for your schedules...but regardless of the time frame, He who dwells outside the bounds of time will meet with all who come! The inviting church or ministry simply makes the travel arrangements, offers housing, and takes a love offering at the end of the encounter. I will also have copies of my book, *Longing for You, the Journey from Intercession to Intimacy*, available for purchase.

## **ENCOUNTERING CHRIST WITHIN CLASS TESTIMONY**

One lady who had been to class several times, was overwhelmed during this past week as Love Himself ministered to her. She was the 6<sup>th</sup> daughter born, and when she was about 16 months old a baby brother was born who died. This precious daughter NEVER felt love from her mom due to her great loss and wanting a son, and the fact that she had been adopted and wrestled with rejection all her life. Today, this one in class heard God say, "she loves you now" and Jesus present her mom smiling in His arms, full of joy never known on earth! The ongoing generational stronghold of rejection was broken off during the time of encounter, and all the love this one in her 80's had longed for all her life flooded her heart! It is never too late to be loved!

## **HEALING AND DELIVERANCE SUMMIT**

I will also send a report of what occurs during this time, as I have been asked to teach one of the breakout sessions!

This is such an honor, but more than that, a joy. My session will be held in the same place I host a class twice a week, so wall to wall there is anointing and angels and encounter already in place.

In preparing my heart for this, realizing Christ in us is the Healer; faith has been growing in leaps and bounds.

Earlier this week I was asked to pray for one who has been battling cancer for about 8 years, but suddenly it seems her fight was coming to an end, and the doctors sent her home with no hope. Then as we took communion, as God Himself ministered in truth and love to her heart, all the pain went from her body. She is going to contact me after she goes back and gets more tests done soon.

I am asking to see cancer defeated in the Name of Jesus. I believe the commission Jesus spoke Himself in Matthew 10:8, "Heal the sick, raise the dead, cleanse the lepers, cast out demons. Freely you received, freely give!" I believe the free receiving comes from having history in the secret place, so I plan to dwell there the rest of my day...and take as many with me as are willing to come!
